VECTOR INSTITUTE PRESENTS

HILTON TORONTO

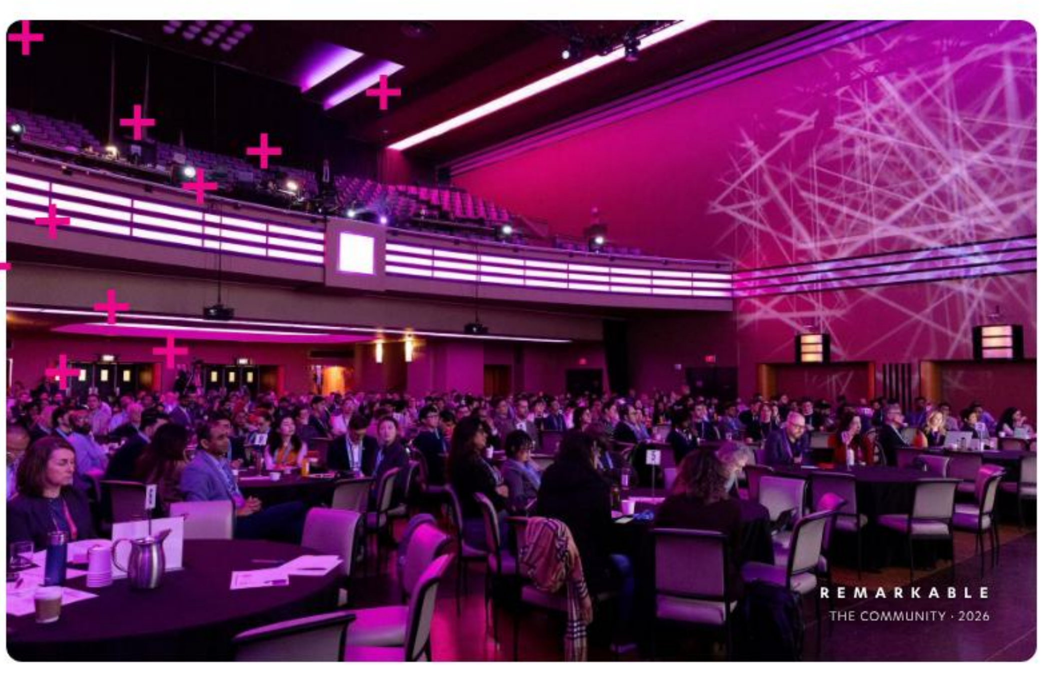
Remarkable

2027.

February 18–19, 2027

Where AI possibilities come to life.

Register now



World-class research. · **Real-world impact.** · **Remarkable in progress.**

01 THE MEETING POINT

AI ambition. Meet AI action.

Vector Institute's Remarkable conference returns, where groundbreaking research meets real-world innovation.

Remarkable 2027 continues to strengthen its position as the nexus where human brilliance converges with industry innovation. Vector believes AI powers possibility, and this conference shows how we advance leading research and bring it to life through real-world impact.

As Canada's preeminent AI institute, Vector collaborates with research, industry, and government partners to turn breakthroughs into progress and outcomes. Remarkable 2027 offers a rare chance to see where possibility becomes productivity and how Canada's AI leadership is emerging on the global stage.

02 THE EXPERIENCE

Two days. New possibilities.

This two-day integrated experience brings together the best of Canada's AI ecosystem: world-class researchers, industry innovators, and emerging talent who are pushing new boundaries. Through cutting-edge presentations and hands-on workshops across both days, you will gain practical insights, build new connections, and help drive Canada's AI community forward.

01

Thursday, February 18 / Full day

Research & keynotes

Immerse yourself in cutting-edge AI research as global pioneers and emerging talent share their latest breakthroughs. Join us for a full day of visionary keynotes and technical presentations that showcase how research powers possibility.

+

02

Friday, February 19 / Half day

From research to real-world impact

Experience how industry leaders transform cutting-edge AI research into real-world solutions. Connect with implementation experts through hands-on workshops, presentations and poster sessions.

+

Get ready to be inspired, challenged, and empowered at Remarkable 2027!

Explore the program +

03 THE PEOPLE

Brilliant minds. Big conversations.
