VECTOR INSTITUTE · REGISTRATION SITE · INTERNAL REVIEW

Remarkable 2027 wireframes

A low-fidelity layout of the Remarkable 2027 registration site. This round is about structure: which pages exist, what each section does and the order it appears in. Colour, type and imagery come later, in three visual concepts built on this same layout.

Event	**February 18–19, 2027**
Venue	**Hilton Toronto**
Pages	**Home, Agenda, Speakers, FAQ**
Widths	**Desktop 1440 px, mobile 390 px**
Status	**Draft, placeholder copy**

What we need you to confirm

1. **The four pages**
   Home, Agenda, Speakers and FAQ. Venue, Partners and Log in are no longer in the nav; venue details live in the FAQ.

2. **Home page order**
   Ten blocks, from hero to footer. Anything to add, drop or move?

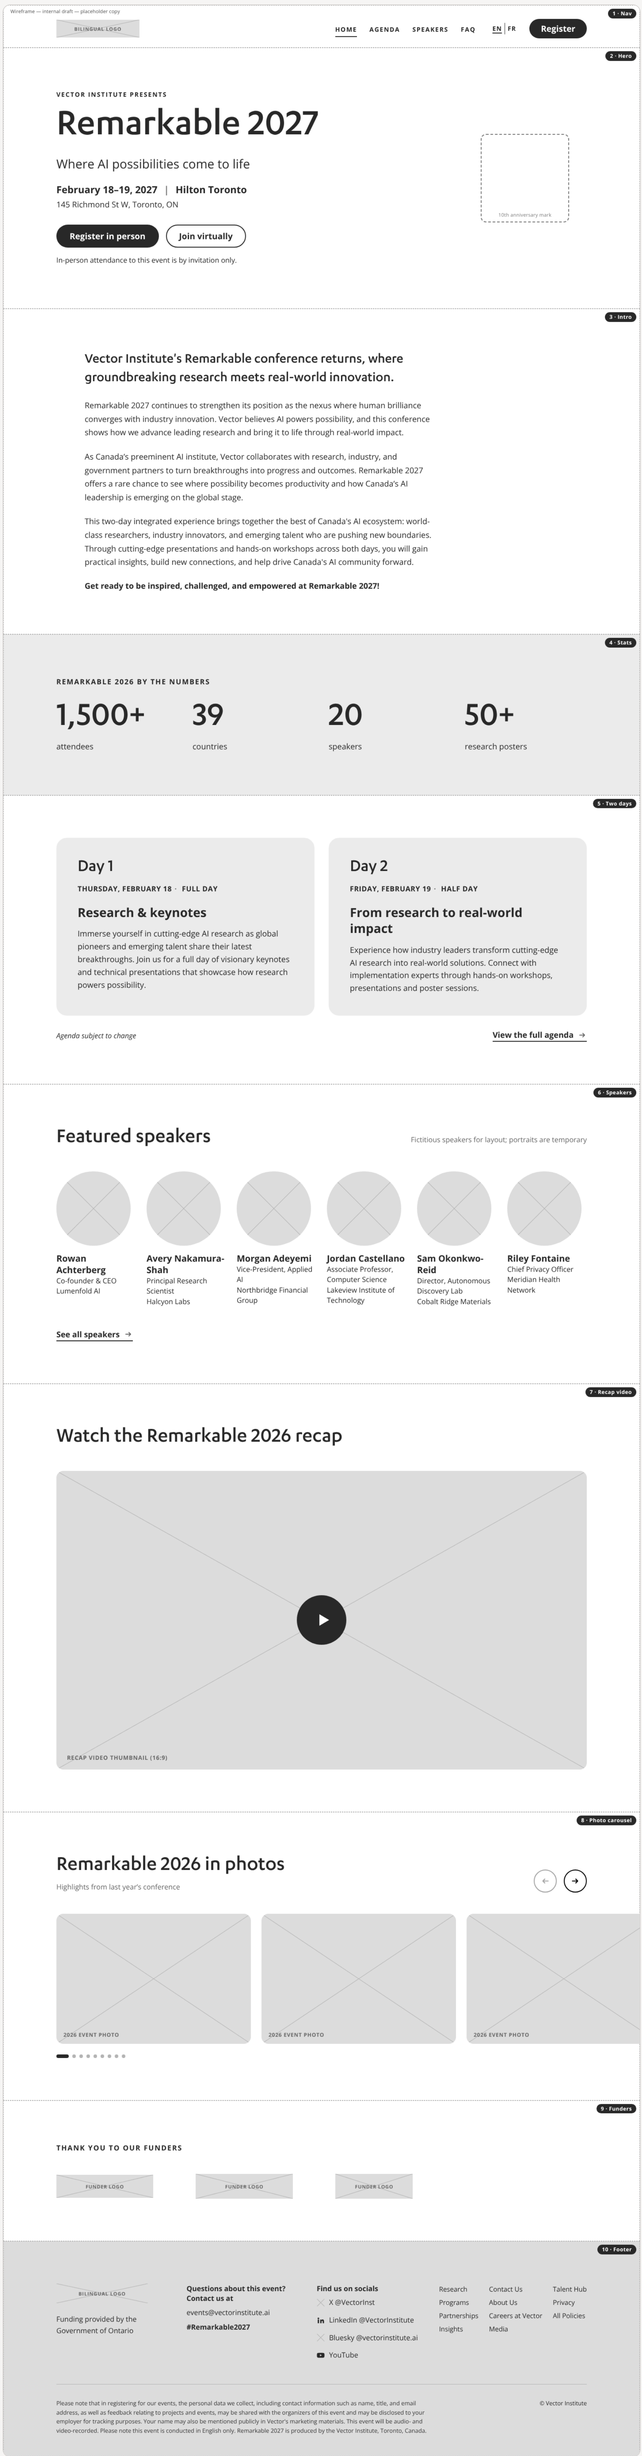

3. **Speakers in two places**
   Six faces with titles on Home; the full list with bios on the Speakers page.

4. **Agenda format**
   Day 1 / Day 2 tabs and a session list, with main-stage sessions tagged as livestreamed.

5. **EN / FR switch and photo carousel**
   Both are new on Home since the last draft. Keep them?

6. **Copy**
   The reg-site copy doc still holds the 2026 text; it has been updated for 2027. No 2027 speakers or sessions are confirmed, so all of them are fictitious, and some FAQ answers are placeholders.

Numbers on the wireframe match the notes.

Home

The page that the registration email and social posts link to. Its job is to get people to register, in person or virtually.

1 · Nav

Bilingual Vector logo; Home, Agenda, Speakers, FAQ; EN / FR switch; Register button. On mobile the links fold into a menu icon, and the switch and Register stay visible.

2 · Hero

Event name, tagline, dates, venue and address. Two buttons: Register in person and Join virtually, with the invitation-only note under them. The dashed box is reserved for the 10th-anniversary mark the agency will supply.

3 · Intro

Opening copy from the reg-site doc, updated for 2027. Left-aligned with a slight indent, as on vectorinstitute.ai.

4 · Stats

Remarkable 2026 by the numbers: 1,500+ attendees, 39 countries, 20 speakers, 50+ research posters.

5 · Two days

Day 1 is a full day of keynotes and research talks; Day 2 is a half day of workshops, lightning talks and posters. Links to the Agenda page.

6 · Speakers

Six featured speakers with photo, name, title and organization. Links to the Speakers page. Fictitious speakers; portraits are temporary.

7 · Recap video

The 2026 recap. Plays only when clicked.

8 · Photo carousel

Nine 2026 event photos. Moves only with the arrows or a swipe, never on its own.

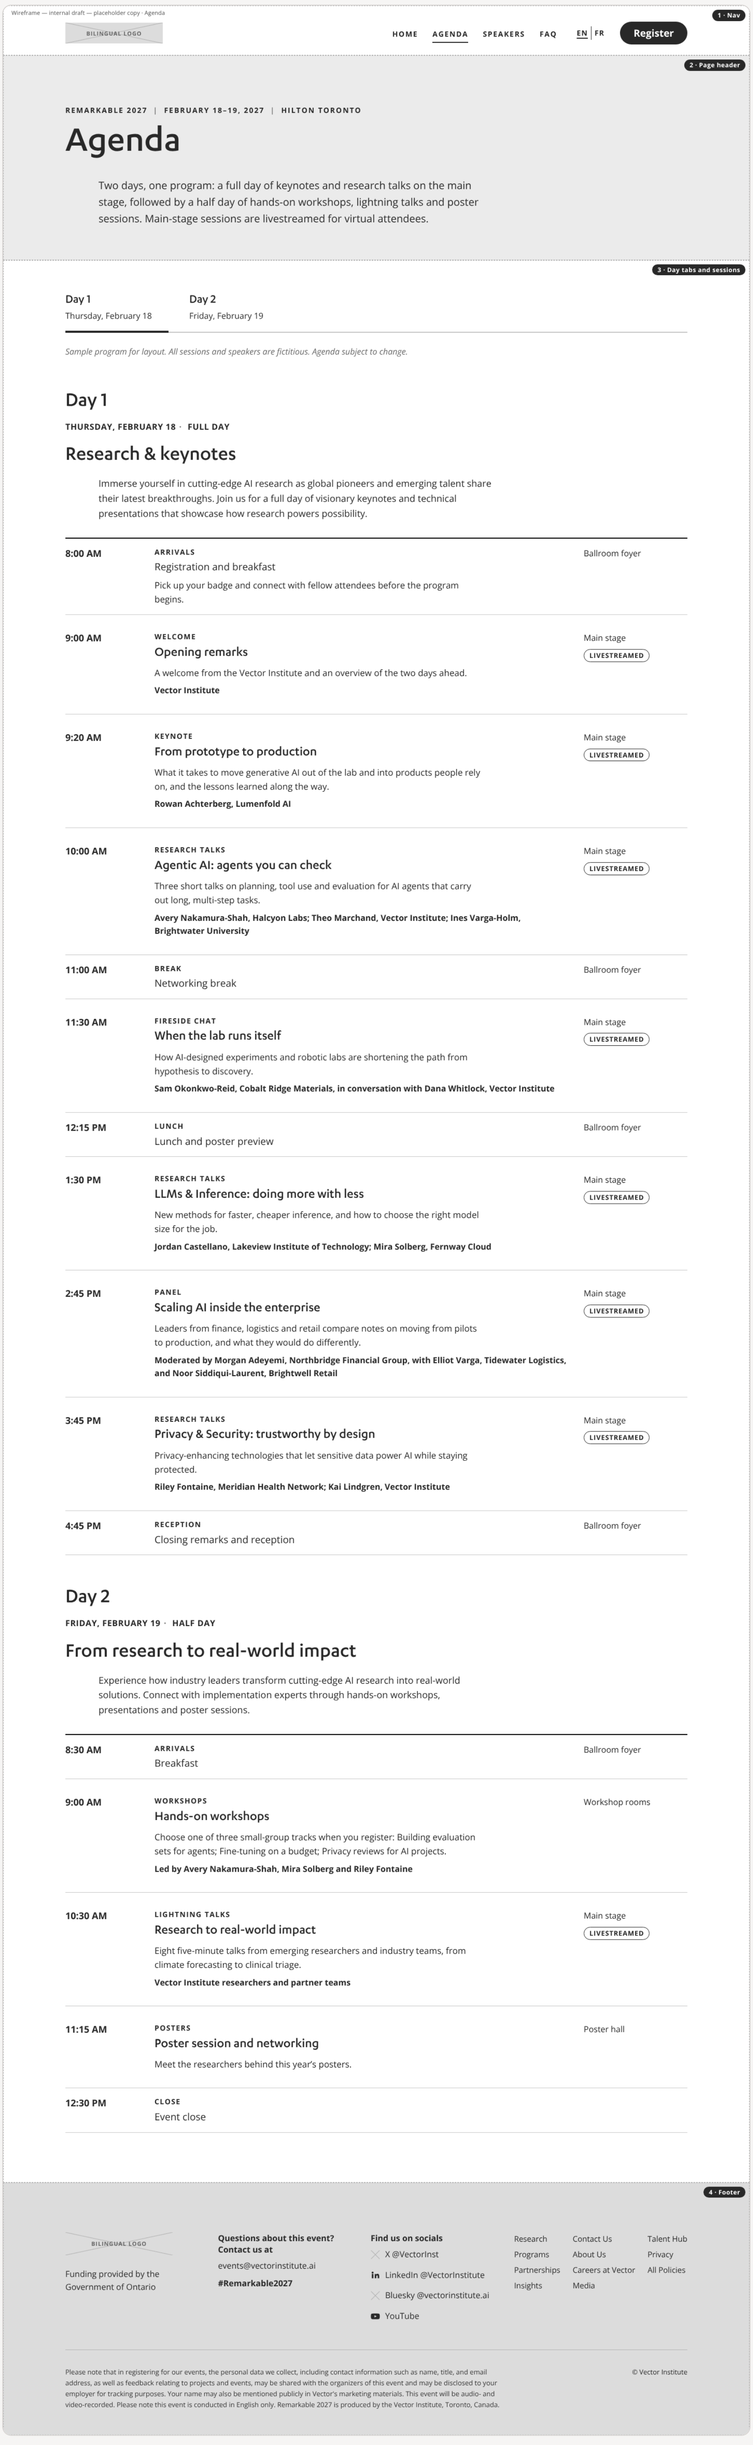

9 · Funders

Government of Canada, Government of Ontario and CIFAR logos at equal height.

10 · Footer

Ontario funding credit, event contact, #Remarkable2027, social links, Vector site links, privacy and recording notice. Same on every page.

Numbers on the wireframe match the notes.

Agenda

The full program for both days.

1 · Nav

Same as Home, with Agenda marked as the current page.

2 · Page header

Event name, dates and venue, the page title and a one-paragraph intro. Every inner page opens this way.

3 · Day tabs and sessions

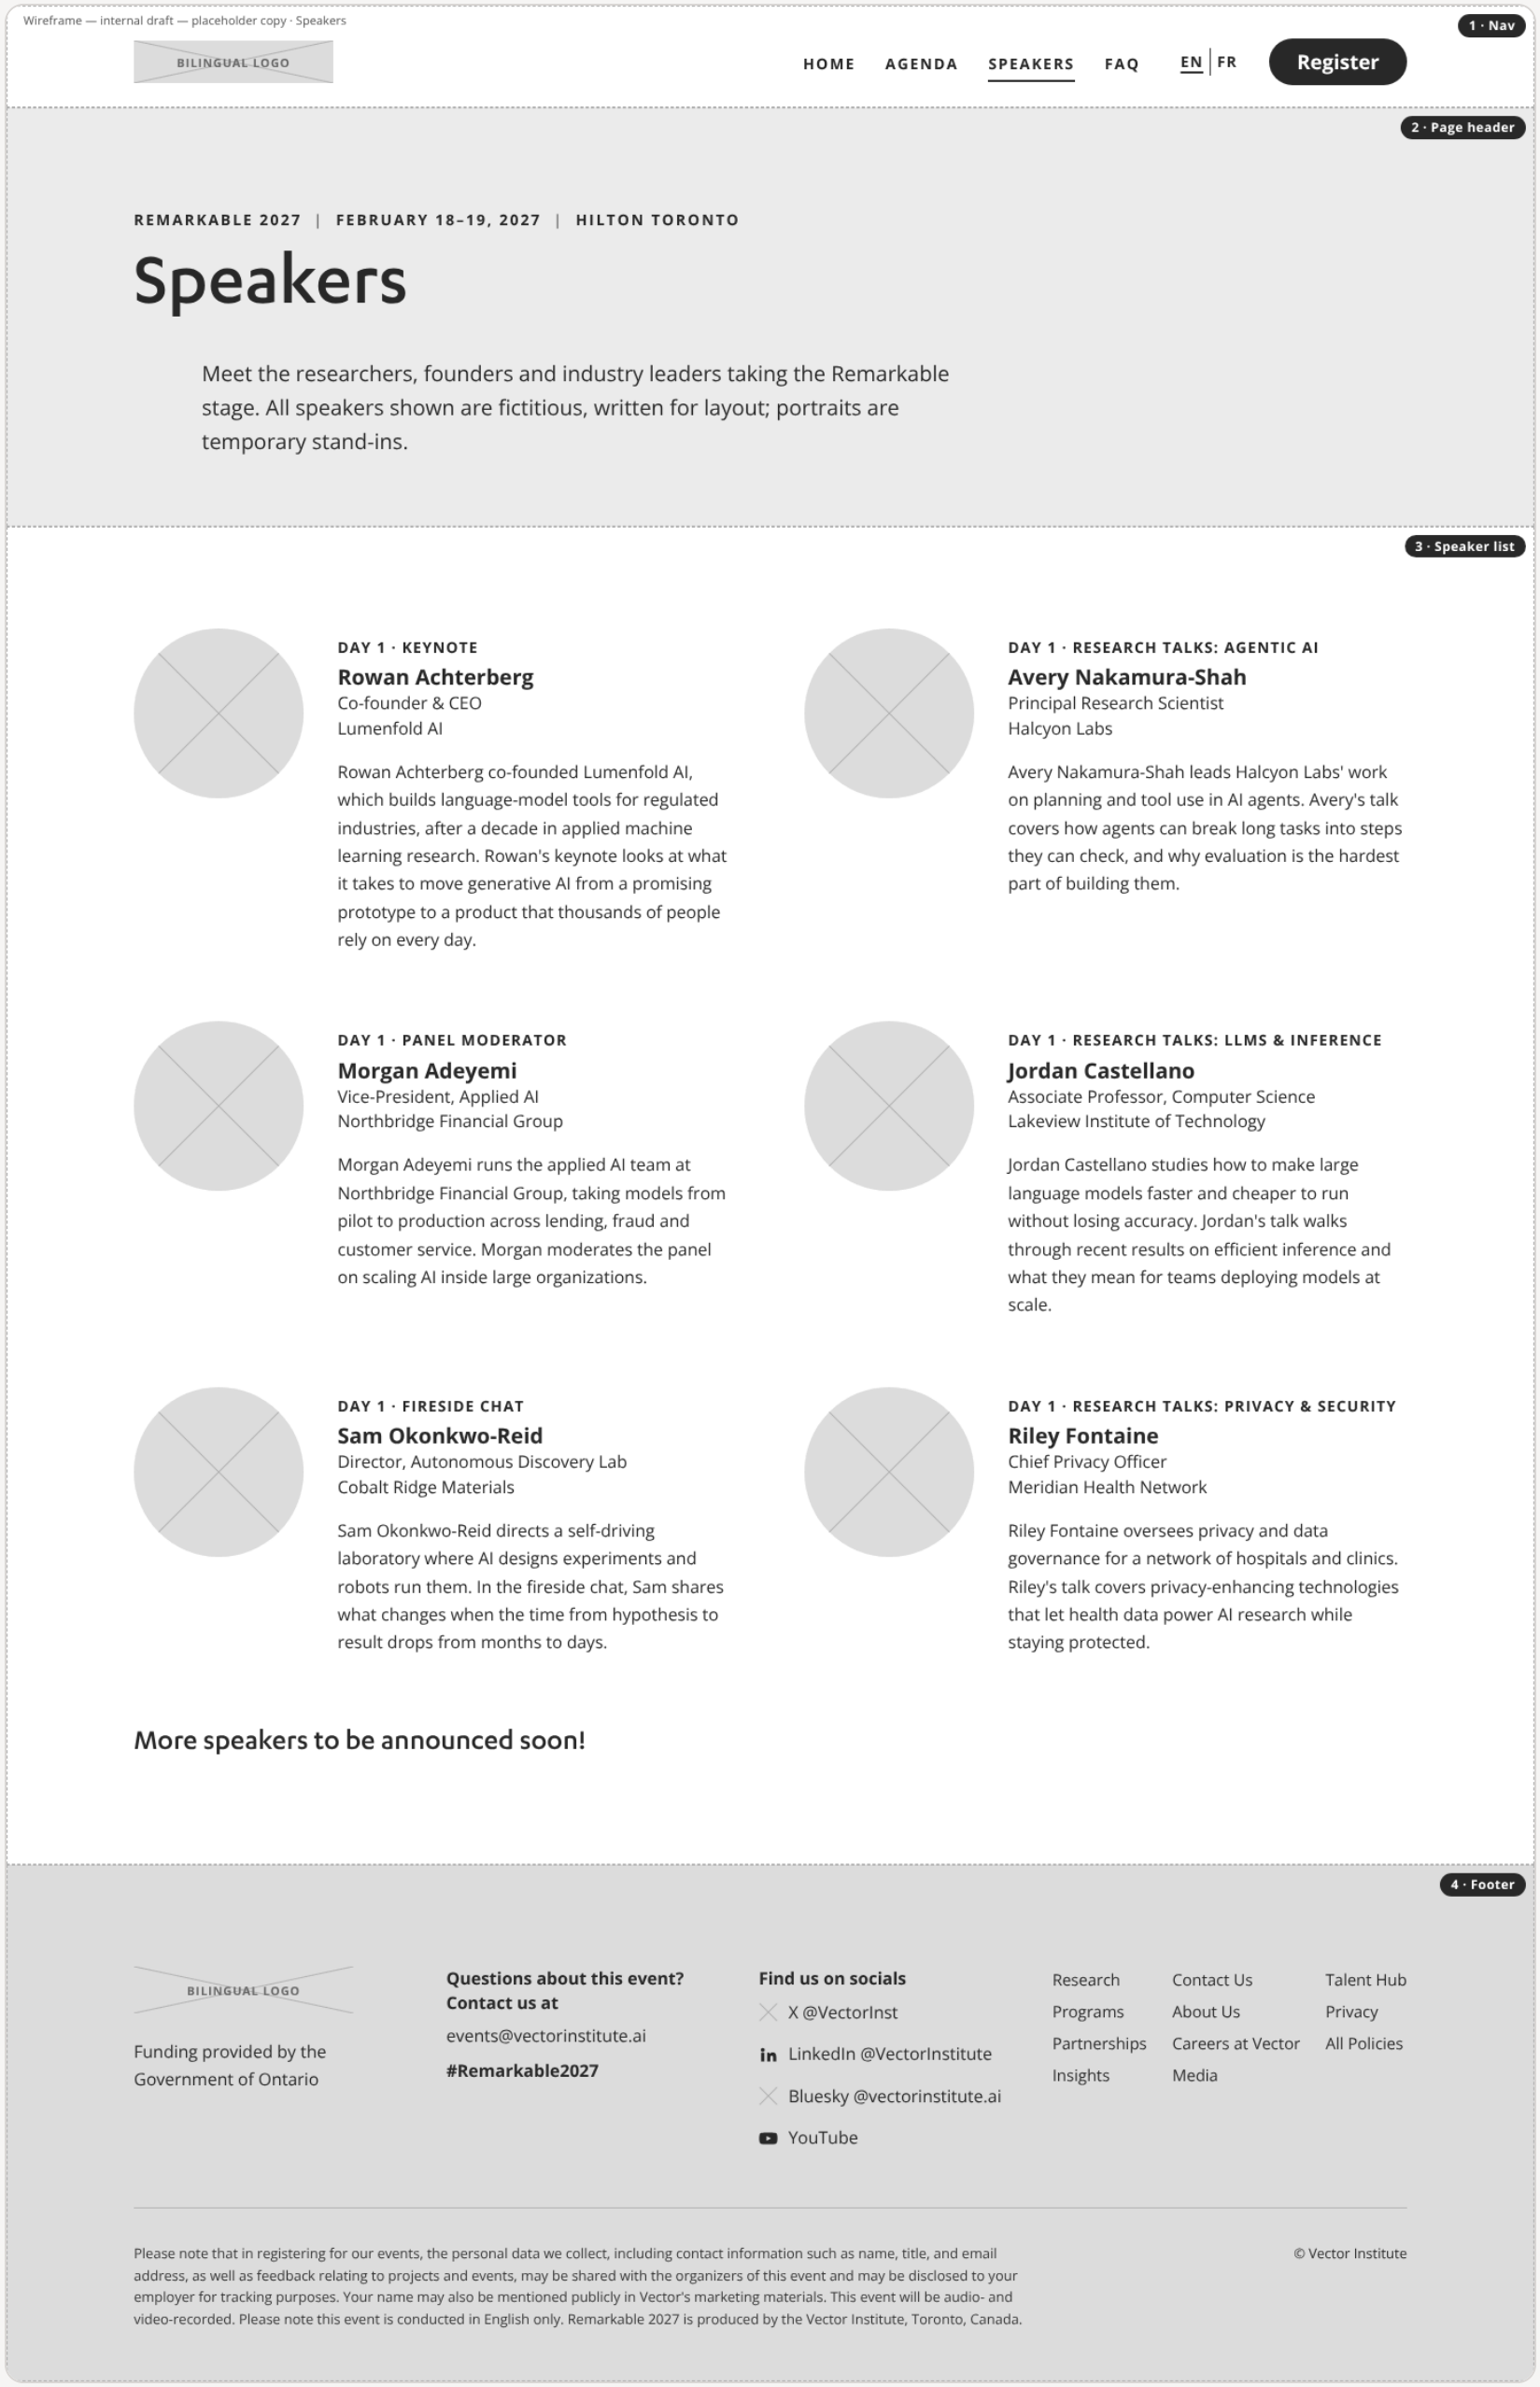

Day 1 / Day 2 tabs jump to each day. Each day opens with its description from the copy doc, then the sessions: time, type, title, short description, speakers and room, with a Livestreamed tag on main-stage sessions. Breaks and meals are quieter rows.

Sample program: every session and named person is fictitious.

4 · Footer

Same as Home.

Numbers on the wireframe match the notes.

Speakers

Everyone on the program, with enough detail to decide which sessions to attend.

1 · Nav

Same as Home, with Speakers marked as the current page.

2 · Page header

Title and a short intro.

3 · Speaker list

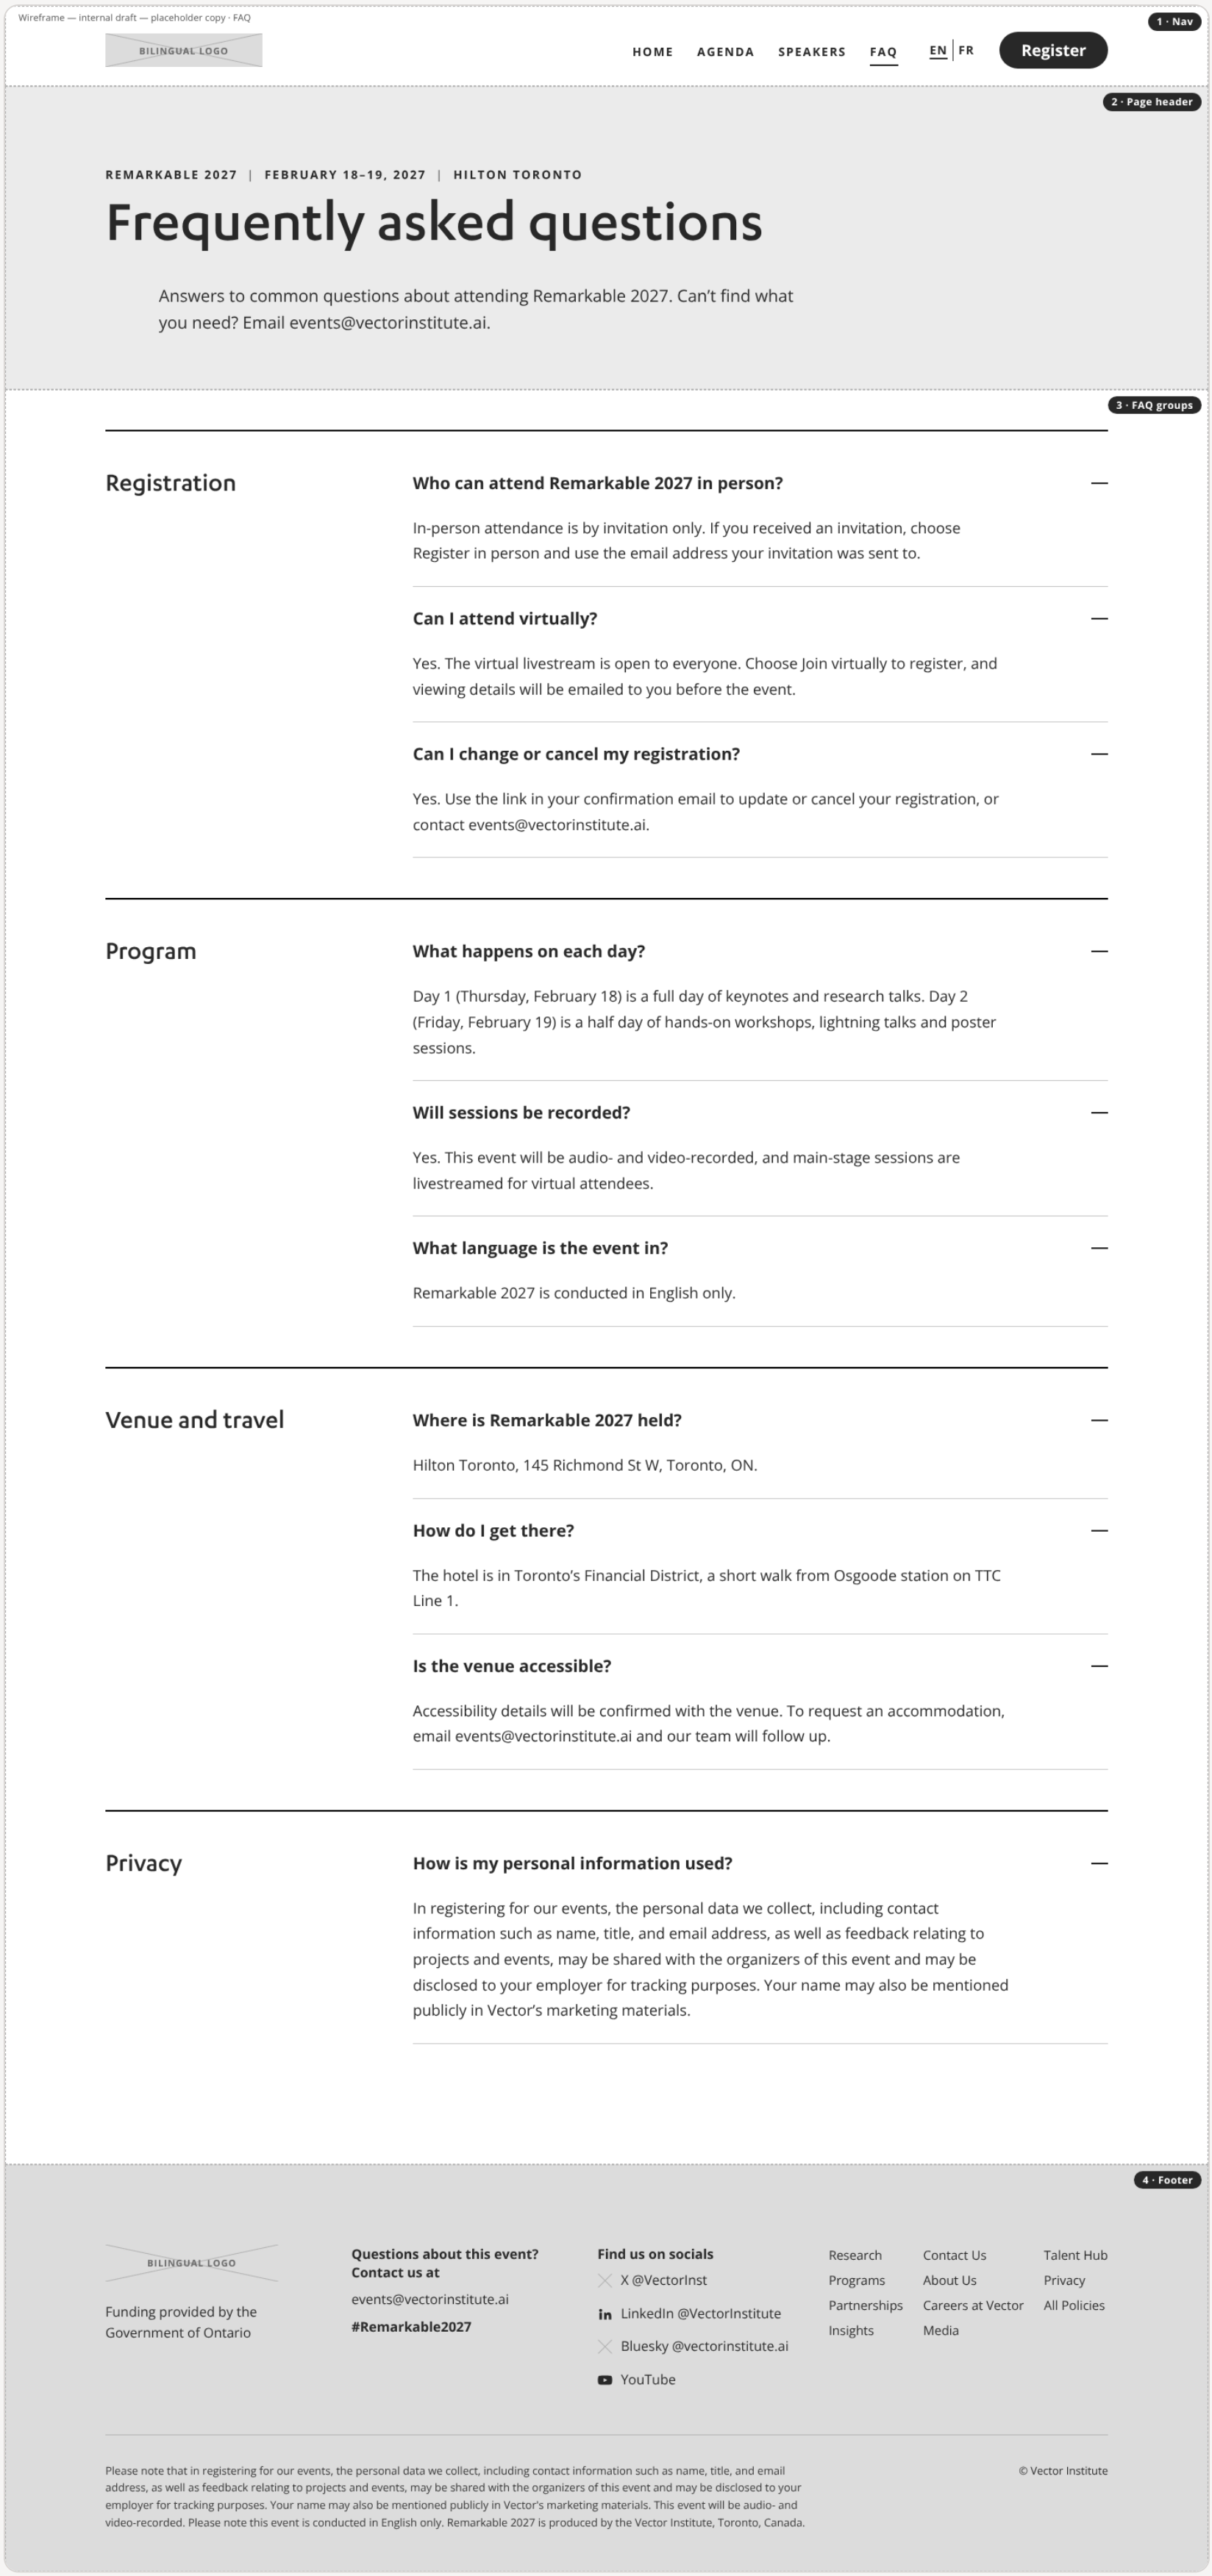

Circular photo, then the speaker's session, name, title, organization and a short bio. Two columns on desktop, one on mobile. Ends with "More speakers to be announced soon!"

Fictitious speakers, companies and bios; portraits are temporary until stock images arrive.

4 · Footer

Same as Home.

Numbers on the wireframe match the notes.

FAQ

Answers to the questions the events inbox gets most, so attendees can help themselves.

1 · Nav

Same as Home, with FAQ marked as the current page.

2 · Page header

Title, plus a line pointing to events@vectorinstitute.ai for anything not covered.

3 · FAQ groups

Ten questions in four groups: Registration, Program, Venue and travel, Privacy. Each question opens and closes; they're shown open here so the answers can be reviewed.

To confirm: transit directions, the accessibility answer and the registration-email steps.

4 · Footer

Same as Home.

Next step: once the structure is agreed, the same four pages get styled in three visual directions (A Gradient Stage, B Arrow Split, C Open Canvas), each with an email banner, for one to be chosen and rebuilt on Swoogo.
