IF YOU ONLY REMEMBER THREE THINGS

The show is on Level 2

The Trading Floor is the immersive theatre. Three walls of projection, 40 ft ceilings. Get there on the Grand Staircase from the Lobby.

Washrooms are on 1 and 3

There are none on the Trading Floor. Level 1 has women's, men's and a universal washroom; Level 3 has all three inside the core.

Every corner has a stairwell

Four stairwells run the full height of the building, one per corner, and double as the fire exits. Elevators sit west and east.
